		appears to be workable.			
	All required tests have been run.				
X	The actual or	utput is correct for each test.			
	Time Log		Comments		
X	Time Log Time data ar	e entered for all process steps.	Comments		
	Time data ar	e entered for all process steps. s are sequenced appropriately.	Comments		
	Time data are Process step Time data are		Comments		_
Х	Time data are Process step Time data are step.	s are sequenced appropriately. e entered against the appropriate process	Comments		
X	Time data and Process step Time data and step. Interrupt time	e entered appropriately. e entered against the appropriate process e is tracked appropriately.	Comments		
X X X	Time data are Process step Time data are step. Interrupt time Time data are	e entered appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable.	Comments		
X X X	Time data are Process step Time data are step. Interrupt time Time data are	e entered appropriately. e entered against the appropriate process e is tracked appropriately.	Comments		
X X X	Time data are Process step Time data are step. Interrupt time Time data are	e entered appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable.	Comments		
X X X	Time data are Process step Time data are step. Interrupt time Time data are Times were represented to the Defect Log	e entered appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable.			
X X X	Time data and Process step Time data and step. Interrupt time Time data and Times were represented to the Times were represent	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. ecorded as the work was done.			
X X X	Time data are Process step Time data are step. Interrupt time Time data are Times were represented by the Time data are Times were represented by the Time data are Times were represented by the Times were represented by the Times were represented by the Times were defected by the Times were represented by	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. ecorded as the work was done. has all required data.			
X X X	Time data and Process step Time data and step. Interrupt time Time data and Times were noted to be the total periods and the total periods were step.	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. ecorded as the work was done. has all required data. e injected before removed.			
X X X	Time data are Process step Time data are step. Interrupt time Time data are Times were reported by the Time defect Log Every defect Defects were Every defect Defects injectives.	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. ecorded as the work was done. has all required data. e injected before removed. has a fix time.			
X X X	Time data are Process step Time data are step. Interrupt time Time data are Times were reported by the	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. ecorded as the work was done. has all required data. e injected before removed. has a fix time. ted in compile and test have fix numbers.			
X X X	Time data and Process step Time data and step. Interrupt time Time data and Times were in the Times we	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. ecorded as the work was done. has all required data. e injected before removed. has a fix time. ted in compile and test have fix numbers. adequately described.			
X X X	Time data are Process step Time data are step. Interrupt time Time data are Times were recorded by the Time data are Times were recorded by the Times were r	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. ecorded as the work was done. has all required data. e injected before removed. has a fix time. ted in compile and test have fix numbers. adequately described. are consistent with description.			
X X X	Time data are Process step Time data are step. Interrupt time Time data are Times were reported by the	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. ecorded as the work was done. has all required data. e injected before removed. has a fix time. ted in compile and test have fix numbers. adequately described. are consistent with description. are consistent with phase injected. are assigned consistently.	Comments		
X X X	Time data are Process step Time data are step. Interrupt time Time data are Times were resulted to the process of the process	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. ecorded as the work was done. has all required data. e injected before removed. has a fix time. ted in compile and test have fix numbers. adequately described. are consistent with description. are consistent with phase injected. are assigned consistently.			

Grading Checklist - PSP 0

Consistency Checks Comments Defects removed are consistent with compile and test

	Defects removed are consistent with compile and test
	phase time and program size.
	Total compile defect fix times are less than compile
	time.
X	Total test defect fix times are less than test time.

- x Defect dates & phases are consistent with the time log.x Planning summary is consistent with the time log.
- x Planning summary is consistent with the defect log.

General **Comments**

- x Followed the defined process.
- Complete, consistent and accurate process data collected.
- X The student did his or her own work.
